Property Description

Horn Hill Acres offers 10 acres in the heart of Limestone County.

Approximately 90% of the land is open, improved pasture with native grasses, while the remaining 10% is covered with mature oaks and other native hardwoods. This combination provides both excellent grazing potential and quality wildlife habitat. Located less than 30 miles from Waco, Horn Hill Acres is well-suited as an investment property, recreational retreat, or future homestead.

Horn Hill Acres is fenced on three sides with 5-strand barbed wire. With the right offer, the seller is willing to split the cost of completing the missing fence line.

Electricity is available at the road. Area water wells average 500–600 feet in depth with yields of 40–45 GPM. A water study has been completed on this property, confirming ample water availability beneath every tract.
